

## CHRISTMAS CELEBRATIONS

The Students' Union 18-19 took the initiative to spread the joy of Christmas by organizing fun activities over a week from 18 – 22 December 2018.

An interdepartmental carol competition was held in which the department of Chemistry won the first position. A card making competition in which students were invited to design handmade Christmas cards, received an overwhelming response. In the true spirit of Christmas, the students union collected presents from students who wished to gift their friends and handed them over in their respective classes.

On the last working day, a Christmas programme was put up which included an energetic cultural performance showcased by various clubs - classical dance, western dance, mime, light music and western music - and the traditional round of carols.
