

## Flood Relief

Soon after the Chennai floods in the month of December 2015, SMCDRIVE came to the rescue of many marginalized people who were affected by the floods in the nearby slum communities of the College, namely Thiruvikakudiirupu, M.K.RadhaNagar, GangaikaraiPuram, S.S.Puram, Nakeeran Nagar, and MKR Nagar. Immediately after College reopened, the relief work was started by the BSW students and the II MSW field work students placed at SMCDRIVE. With the help of Bhoomika Trust, a non-governmental organization, the students networked with Chennai Volunteers and personally visited the nearby flood-affected slum communities. A need-based assessment survey was then carried out.
