

STELLA MARIS COLLEGE (AUTONOMOUS), CHENNAI

Department of Food Processing and Quality Control

Feedback and Action Taken Report

2019-2020

The feedback was obtained from faculty, students, alumni and the Industry and the feed back was discussed in the BoS. The following are the suggestion

Inclusion of “Eat right movement” in the Food laws and food safety course.

Introduction of Professional ethics in any of the courses.

Inclusion of effects of additives in food processing. Sustainability in Food production and processing as a part of the Post Harvest Technology and the concept of Lean Canvas Model in the Entrepreneurship course.

The Industry representative offered Training programmes and internships for the students at their integrated farm

The suggestions would be considered in the next revision of syllabi and a visit to the Integrated Farm will be planned after the pandemic situation eases
