

STELLA MARIS COLLEGE (AUTONOMOUS), CHENNAI

Department of Sustainable Energy Management

Feedback and Action Taken Report

2018-19

An Academic audit by external academicians was conducted and it was indicated that the learning outcomes were well defined and articulated before the start of the course. The students get Hands on Training through industrial internships and lab work. They suggested enhancing library resources and encouragement of student participation in intercollegiate programmes.

The Board of studies which comprised of faculty, academicians and Industry experts reviewed the syllabus and offered to help in networking with industries and energy sector.

Action Taken:

Based on the feedback, more books were acquired.

There was an increase in the number of MoUs signed with the Industry to facilitate internships, Training sessions and recruitment
