

STELLA MARIS COLLEGE (AUTONOMOUS), CHENNAI

Department of Sustainable Energy Management

Feedback and Action Taken Report

2019-2020

Assessment of the syllabus was taken from faculty, Alumni, students, academicians and Industry experts. The suggestions are as below:

The inclusion of 'judicious use of Non Renewable Energy' in the course 16VS/VM/ET26 and 16VS/VA/MF45.

16VS/VM/PD56: Inclusion of grid and grid transmission

16VS/VM/NM56: Have only introductory concepts. Introduction of basic electrochemistry of battery, charging and discharge cycle and assembly of the battery.

To include the applications of Energy storage in transportation.

The suggestions will be implemented in the next restructuring of the syllabus
